I have been a customer with AOLI (Atlanta Office Liquidators, Inc.) for over 4 years. Their customer service is unbelievable. My sales reps, Ramon Khawly and Jack De Oliveira are great. All I do is tell them I need something and usually that same afternoon I have either an actual sample piece of furniture or pictures of several options. They stand behind their furniture and will replace any piece if I am not completely satisfied. I have renovated an entire floor with all the furniture supplied by AOLI. They are reliable, cost effective, and hands-on involved with every aspect of any sale they make.

I would highly recommend AOLI to anyone needing cubicles, office furniture, conference tables, chairs, etc. They always manage to come through for me and my company.

Best Regards,
